This questionnaire is to be completed by staff whose assignments involve leadership responsibilities.

Findings from this questionnaire will help us gain a better understanding of school improvement efforts underway at your school and the role that school leaders play in those efforts.

Your responses are voluntary and confidential. If there is a question you do not wish to answer, simply skip it. We hope you will answer as many questions as possible. No individual schools or school staff will be identified in any reports.
45. Please mark whether any of the following topics were a focus of your professional development activities this year. Mark (X) ALL that apply.

- [ ] Developing a school mission or shared vision
- [ ] Planning strategies
- [ ] Working productively with groups or teams
- [ ] Promoting shared decision making
- [ ] Improving parent involvement
- [ ] Improving school-community relations
- [ ] Fund raising/grant writing
- [ ] Organizing the school’s instructional program
- [ ] Your school’s reading/language arts curriculum and materials
- [ ] Your school’s mathematics curriculum and materials
- [ ] Specific methods for improving reading/language arts instruction
- [ ] Specific methods for improving mathematics instruction
- [ ] How to adapt or individualize instruction
- [ ] Your knowledge of reading/language arts
- [ ] Your knowledge of mathematics
- [ ] How to observe and monitor classroom instruction
- [ ] How to promote standards-based learning
- [ ] New procedures to assess student learning
- [ ] Working with students to improve instruction

46. To what extent do you agree or disagree with the following statements about your professional development experiences this year? Mark (X) EACH item.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
1. What is your primary role at this school? Mark (X) ONE box.
   - Principal
   - Assistant Principal
   - Other professional staff

2. How many years have you been working in this role at this school? (Print number of years in boxes.)

3. Does your role in this school include a teaching assignment? Mark (X) ONE box.
   - Yes
   - No - Skip to Question 5

4. What percentage of your time is allocated to your teaching assignment? Mark (X) ONE box.
   - 1-25%
   - 26-50%
   - 51-75%
   - 76-100%

5. Please indicate whether you have been designated to perform any of the following school reform program roles in your school. If yes, please indicate how long you have been working in the role. Mark (X) Yes or No for EACH item and print number of years and months in boxes.
   - Professional Development
   - Accelerated Schools Coach
   - America's Choice Design Coach
   - America's Choice Literacy Coordinator
   - America's Choice Community Outreach Coordinator
   - Success for All Reading Facilitator
   - Success for All Mathematics Facilitator
   - Success for All Family Support Coordinator
   - Other (please specify)
   - Special Program Coordinator (e.g., Title I)
   - Reading/Literacy Program Coordinator
   - Math Program Coordinator
   - Other Subject Area Program Coordinator
   - School Improvement Coordinator
   - Master/Mentor Teacher
   - Teacher Consultant
   - Other (please specify)

6. In addition to any of the roles you might have checked in question 5, are you formally assigned any of the following responsibilities as part of your job at this school? If yes, please indicate how long you have been working in the role. Mark (X) Yes or No for EACH item and print number of years and months in boxes.
   - Your school district
   - The state education agency
   - An intermediate education agency
   - A professional association
   - A university/college
   - A school reform program
   - Your school

About how many college/university classes have you taken in the following areas? (Include both undergraduate and graduate classes) Mark (X) EACH item.
   - English or a related language arts field
   - Methods of teaching reading, English, and/or language arts
   - Mathematics
   - Methods of teaching mathematics

43. About how many college/university classes have you taken in the following areas? (Include both undergraduate and graduate classes) Mark (X) EACH item.

Professional Development

44. In the spaces below, please indicate how much time you spent this school year in organized professional development activities (e.g., workshops, seminars, institutes, courses) planned and organized by the following kinds of organizations? Mark (X) EACH item.

   - Less than 8 hours
   - 1-2 days
   - 3-5 days
   - 6-9 days
   - 10 or more days

   - Your school district
   - The state education agency
   - An intermediate education agency
   - A professional association
   - A university/college
   - A school reform program
   - Your school

42. What was your major field of study for your highest graduate degree (e.g., masters degree or Ph.D.)? Mark (X) ONE box.
   - Do not have a graduate degree
   - Education
   - English
   - Social or Behavioral Sciences (economics, history, sociology, psychology)
   - Foreign language
   - Mathematics
   - Natural/Physical Sciences
   - Other (please specify)
7. During the current school year, about how often did you do any of the following? Mark (X) EACH item.

- Demonstrate instructional practices and/or the use of curricular materials in a classroom
- Observe a teacher who was trying new instructional practices or using new curricular materials
- Share information or advice about classroom practices with a teacher
- Examine and discuss what students were working on during a teacher’s lesson
- Examine and discuss the standardized norm-referenced or curriculum-referenced test results of students in a teacher’s class

8. When working directly with teachers this year, how often did you do any of the following? Mark (X) EACH item.

- Supervise clerical, cafeteria, and maintenance staff
- Monitor public spaces, such as the cafeteria, hallways, playgrounds, etc.
- Deal with emergencies and other unplanned circumstances
- Work with students and their parents on discipline/attendance issues
- Complete routine paperwork (such as reports and record keeping)
- Attend district- and board-organized meetings
- Seek resources outside the school (e.g. from local businesses, school improvement programs, universities, or funding agencies)
- Work with local community members or community organizations

36. Are you: Mark (X) ONE box.
- Female
- Male

37. Are you: Mark (X) ONE box.
- Hispanic, regardless of race
- Black, not of Hispanic origin
- White, not of Hispanic origin
- Asian or Pacific Islander
- American Indian or Alaskan Native
- Biracial/Multiethnic
- Other

38. Which best describes your employment status in this school system? Mark (X) ONE box.
- Full-time administrative appointment
- Part-time administrative appointment
- Regular full-time teaching appointment
- Regular part-time teaching appointment
- Permanent substitute teaching appointment
- Other (please specify) ________________________________

39. How many years have you worked as an administrator? Record whole years, not fractions or months. Round up to the nearest whole number, including the current school year. (Print number of years in boxes.)

40. How many years have you worked as a teacher? Record whole years, not fractions or months. Round up to the nearest whole number, including the current school year. (Print number of years in boxes.)

41. What was your undergraduate major field of study? Mark (X) ONE box.
- Do not have an undergraduate degree
- Education
- English
- Social or Behavioral Sciences (economics, history, sociology, psychology)
- Foreign language
- Mathematics
- Natural/Physical Sciences
- Other (please specify) ________________________________
9. In this question, we would like you to reflect upon how you prioritized your time this year. In your work during the current school year, how much priority did you give to each of the following issues? Mark (X) EACH item.

- Framing and communicating broad goals for school improvement
- Examining the school's overall progress toward its school improvement goals
- Setting explicit timelines for instructional improvement
- Clarifying expectations or standards for students' academic performance
- Examining and discussing exemplars of students' academic work
- Using the school's standardized, norm- or curriculum-referenced test results to plan instructional changes
- Promoting alignment between the assessments used to evaluate the school's instructional program and what is taught in classrooms
- Promoting instructional coordination across grade levels in the school
- Promoting instructional coordination across regular and compensatory/special education programs in the school
- Promoting integration of the school's curriculum (e.g., mathematics and science, or reading/language arts and social studies)
- Developing the staff development program in the school
- Personally providing staff development
- Troubleshooting or supporting the implementation of school improvement efforts
- Monitoring or supervising the implementation of school improvement efforts
- Working on plans to improve the teaching of specific curricular units or objectives

The School Improvement Process

10. Does your school have a written school improvement plan? Mark (X) ONE box.

- Yes
- No, but we are in the process of developing one - Skip to Question 13 on page 6
- No, and we are not currently developing one - Skip to Question 13 on page 6
11. For how many years has this school had a school improvement plan? Mark (X) ONE box.

☐ 1
☐ 2
☐ 3
☐ 4
☐ 5
☐ 6
☐ 7
☐ 8
☐ 9
☐ 10 or more

12. Please indicate the extent to which each of the following was an important priority in your school’s improvement plan this year. Mark (X) EACH item.

Improving the school’s facilities

A top priority

Not in our plan

In the plan, but not a top priority

Improving school climate (e.g. making school safer, fostering respect for others)

A top priority

Not in our plan

In the plan, but not a top priority

Improving parent participation

A top priority

Not in our plan

In the plan, but not a top priority

Improving student attendance

A top priority

Not in our plan

In the plan, but not a top priority

Improving the health and welfare of students

A top priority

Not in our plan

In the plan, but not a top priority

Improving the reading/language arts program

A top priority

Not in our plan

In the plan, but not a top priority

Improving the mathematics program

A top priority

Not in our plan

In the plan, but not a top priority

Improving the school’s library, technology, or media

A top priority

Not in our plan

In the plan, but not a top priority

Improving another academic program or programs

A top priority

Not in our plan

In the plan, but not a top priority

13. During the current school year, was this school formally identified as “In need of improvement” or placed in a formal status requiring school improvement by any of the following agencies? Mark (X) EACH item.

Yes

No

The state education agency

The federal Title I program

The school district

Other agency

30. To what extent did the following kinds of changes in curriculum and assessment occur this year in the school’s mathematics program? Mark (X) EACH item.

Not at all

To a small extent

To a moderate extent

To a great extent

A new mathematics curriculum was developed or was in the early stages of implementation

New standards for student learning in mathematics were developed or were in the early stages of use

Teachers learned to use new mathematics curricular materials

Existing curriculum materials were organized into a sequenced structure of curricular units

New curriculum-referenced examinations or tests were introduced

Teacher-made assessments were improved or adapted to reflect the learning standards and curriculum goals in place at the school

Textbook assessments and assignments were changed to reflect the learning standards and curricular goals in place at the school

31. In your view, how much do staff at this school use the following practices for organizing instruction in mathematics? Mark (X) EACH item.

To a great extent

Not at all

To a small extent

To a moderate extent

Curriculum-referenced tests are used on a frequent basis to place students in “achievement-based” instructional groups for mathematics

Curriculum-referenced tests are used on a frequent basis to develop individualized instructional prescriptions for students

End-of-year or standardized tests are used as a basis for promotion to the next grade level

32. In your view, how much emphasis do staff at this school give to the following classroom management practices in mathematics? Mark (X) EACH item.

Not an emphasis

Very little emphasis

Moderate emphasis

Great emphasis

Arranging classroom space and facilities to support a wide range of instructional activities

Arranging classroom materials to ensure independent use by students

Establishing classroom routines that reduce problems of classroom management

Establishing classroom routines that teach students how to work independently

Establishing classroom routines that teach students how to work in cooperative groups
Our school district has a formal procedure for school improvement planning.

Our school district is encouraging us to adopt a comprehensive school reform model or similar research-based program.

The availability of additional funds for school improvement has increased in the last couple of years.

There is a great deal of dissatisfaction with student achievement among staff members at this school.

Staff at this school press each other to become engaged in school improvement activities.

Staff at this school have seen clear evidence of successful school improvement in other schools.

Staff here feel the school has a poor reputation.

Parents and/or community groups have demanded improvement at this school.

Our school receives monetary rewards for improving student achievement scores.

Personnel in this school are evaluated and/or rewarded on the basis of student achievement.

Taking a leadership role in instructional improvement is a good way to move ahead in one's career.

---

28. To what extent do you agree or disagree with the following statements about how instruction in the reading/language arts program is sequenced in this school?

Mark (X) EACH item.

<table>

The Reading and Language Arts Program

22. To what extent do you agree or disagree with the following statements about the reading/language arts program at this school? Mark (X) EACH item.

- The reading/language arts program at this school needs major improvement
- The reading/language arts instruction provided to students is much better than it was last year
- The word attack skills of most students in this school are at or above grade level
- The reading comprehension skills of most students in this school are at or above grade level
- The ability of students in this school to write for a variety of purposes and audiences is at or above grade level

23. To what extent did the following kinds of changes in reading/language arts curriculum and assessment occur this year? Mark (X) EACH item.

- Existing curriculum materials were organized into a sequenced structure of curricular units
- A new reading/language arts curriculum was developed or was in the early stages of implementation
- New standards for student learning in reading/language arts were developed or were in the early stages of use
- Teachers learned to use new reading/language arts curricular materials
- New curriculum-referenced examinations or tests were introduced
- Teacher-made assessments were improved or adapted to reflect the learning standards and curriculum goals in place at the school
- Textbook assessments and assignments were changed to reflect the learning standards and curriculum goals in place at the school

24. In your view, how much do staff at this school use the following practices for organizing instruction in reading/language arts? Mark (X) EACH item.

- Curriculum-referenced assessments are used on a frequent basis to place students in achievement-based instructional groups for reading
- Curriculum-referenced assessments are used on a frequent basis to develop individualized instructional prescriptions for students
- End-of-year or standardized tests are used as a basis for promotion to the next grade level
- Trade books and other reading materials are "leveled" to assure that students are reading materials closely matched to their level of reading fluency
20. To what extent do you agree or disagree with the following statement about school-community relations at this school? Mark (X) EACH item.

- Parents are kept well informed about school improvement activities at this school
- Teachers at this school use well-developed routines to communicate with parents and guardians on a regular basis
- Teachers at this school provide detailed information to parents or guardians about how they can support students’ work at home
- Parents and guardians understand the academic standards and expectations teachers hold for students
- Community members work as tutors or classroom aides or provide other kinds of instructional support in the school
- Workshops that help parents work with their children are held regularly at this school
- Home visits by teachers are an important element of our school improvement program
- Most parents and community members agree with the changes being made in this school
- School staff regularly take advantage of the resources and support offered by community organizations and agencies

21. To what extent do you agree or disagree with the following statements about state education policies governing your school? Mark (X) EACH item.

- The school district's curriculum frameworks are specific and clear
- The school district's assessment program provides specific and clear information about what students should know and be able to do
- The school district's instructional policies give teachers clear information about what and how to teach
- District standards for student learning drive much of our improvement agenda in this school
- The school district is an important source of funding for our school improvement agenda
- The school district provides flexibility in how resources are allocated at this school (e.g., time, materials, personnel)
- The school district's staff provide important information and expertise that support our school improvement efforts
- There is a great deal of turnover in the central office in the district
- There is a strong consensus among district leaders about priorities for school improvement
- Central office policies and procedures change frequently in this district
- The school district's improvement agenda makes it difficult for us to create a school improvement plan tailored to the specific needs of this school
- The district's personnel policies and practices make it difficult to hire staff with the expertise and interest we need for school improvement
19. To what extent do you agree or disagree with the following statements about your school district? Mark (X) EACH item.

- The school district's curriculum frameworks are specific and clear
- The school district's assessment program provides specific and clear information about what students should know and be able to do
- The school district's instructional policies give teachers clear information about what and how to teach
- District standards for student learning drive much of our improvement agenda in this school
- The school district is an important source of funding for our school improvement agenda
- The school district provides flexibility in how resources are allocated at this school (e.g., time, materials, personnel)
- The school district's staff provide important information and expertise that support our school improvement efforts
- There is a great deal of turnover in the central office in the district
- There is a strong consensus among district leaders about priorities for school improvement
- Central office policies and procedures change frequently in this district
- The school district's improvement agenda makes it difficult for us to create a school improvement plan tailored to the specific needs of this school
- The district's personnel policies and practices make it difficult to hire staff with the expertise and interest we need for school improvement

20. To what extent do you agree or disagree with the following statement about school - community relations at this school? Mark (X) EACH item.

- Parents are kept well informed about school improvement activities at this school
- Teachers at this school use well-developed routines to communicate with parents and guardians on a regular basis
- Teachers at this school provide detailed information to parents or guardians about how they can support students' work at home
- Parents and guardians understand the academic standards and expectations teachers hold for students
- Community members work as tutors or classroom aides or provide other kinds of instructional support in the school
- Workshops that help parents work with their children are held regularly at this school
- Home visits by teachers are an important element of our school improvement program
- Most parents and community members agree with the changes being made in this school
- School staff regularly take advantage of the resources and support offered by community organizations and agencies

21. To what extent do you agree or disagree with the following statements about state education policies governing your school? Mark (X) EACH item.

- State curriculum guides or frameworks are specific and clear
- The state's assessment program provides specific and clear information about what students should know and be able to do
- Special funds from the state are an important source of support for our school's improvement efforts
- Personnel from the state education agency regularly provide us with information and expertise that support our school improvement efforts
- Constant change in state education policies, procedures, and/or personnel have made school improvement difficult here
- There is a strong consensus among state leaders about priorities for school improvement
- The state education agency's school improvement agenda makes it difficult for us to create a school improvement plan tailored to the specific needs of this school
- Our school improvement agenda is consistent with state education policies and priorities
The Reading and Language Arts Program

22. To what extent do you agree or disagree with the following statements about the reading/language arts program at this school? Mark (X) EACH item.

- The reading/language arts program at this school needs major improvement
- The reading/language arts instruction provided to students is much better than it was last year
- The word attack skills of most students in this school are at or above grade level
- The reading comprehension skills of most students in this school are at or above grade level
- The ability of students in this school to write for a variety of purposes and audiences is at or above grade level

Existing curriculum materials were organized into a sequenced structure of curricular units
A new reading/language arts curriculum was developed or was in the early stages of implementation
New standards for student learning in reading/language arts were developed or were in the early stages of use
Teachers learned to use new reading/language arts curricular materials
New curriculum-referenced examinations or tests were introduced
Teacher-made assessments were improved or adapted to reflect the learning standards and curriculum goals in place at the school
Textbook assessments and assignments were changed to reflect the learning standards and curriculum goals in place at the school

23. To what extent did the following kinds of changes in reading/language arts curriculum and assessment occur this year? Mark (X) EACH item.

- Existing curriculum materials were organized into a sequenced structure of curricular units
- A new reading/language arts curriculum was developed or was in the early stages of implementation
- New standards for student learning in reading/language arts were developed or were in the early stages of use
- Teachers learned to use new reading/language arts curricular materials
- New curriculum-referenced examinations or tests were introduced
- Teacher-made assessments were improved or adapted to reflect the learning standards and curriculum goals in place at the school
- Textbook assessments and assignments were changed to reflect the learning standards and curriculum goals in place at the school

24. In your view, how much do staff at this school use the following practices for organizing instruction in reading/language arts? Mark (X) EACH item.

- Curriculum-referenced assessments are used on a frequent basis to place students in achievement-based instructional groups for reading
- Curriculum-referenced assessments are used on a frequent basis to develop individualized instructional prescriptions for students
- End-of-year or standardized tests are used as a basis for promotion to the next grade level
- Trade books and other reading materials are "leveled" to assure that students are reading materials closely matched to their level of reading fluency

17. To what extent have school improvement activities at this school placed special emphasis on: Mark (X) EACH item.

- Hiring new administrative or support staff with instructional expertise and interests that support this school's improvement activities
- Hiring new teachers whose expertise and interests support the school's improvement activities
- Changing instructional assignments to match teachers' expertise with student needs
- Providing teachers with professional development opportunities that are deliberately aligned with the school's improvement program
- Providing administrators and other school leaders with professional development that is deliberately aligned with the school's improvement program

18. To what extent do you use the following kinds of information in planning for and evaluating school improvement activities at this school? Mark (X) EACH item.

- Results from your district's assessment program
- Results from your state's assessment program
- Reports prepared by state and/or federal agencies regarding your school's progress on instructional improvement initiatives
- Student grades and report cards
- Results from standardized, curriculum-referenced testing (e.g., periodic criterion-referenced assessments)
- Informal assessments conducted by teachers (e.g., portfolios, student conferences, reading inventories, running records)
- Learning or curriculum standards
- Samples of students' academic work
- Your own and others' observations in classrooms
- Statistical reports of discipline problems and behavioral referrals
- Attendance reports
- Information about effective instructional practices gained from professional readings, workshops, or seminars
- Information about curriculum programs or materials gained from professional readings, workshops, publishers, etc.
- Information about student learning processes gained from professional readings, workshops, publishers, etc.
- Practices found to be successful in other schools in the district
- Visits to schools outside your district
- Input from community members or community groups
16. To what extent do you agree or disagree with the following statements about the school improvement process at this school? Mark (X) EACH item.

<table>

<td></td>
<td></td>
</tr>
<tr>
<td>Teachers at this school are encouraged to use the same or similar instructional practices</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Within a particular grade, teachers are expected to follow the same curriculum</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Teachers at this school have common expectations about what students should learn</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Our school district has a formal procedure for school improvement planning. Our school district is encouraging us to adopt a comprehensive school reform model or similar research-based program. The availability of additional funds for school improvement has increased in the last couple of years. There is a great deal of dissatisfaction with student achievement among staff members at this school. Staff at this school press each other to become engaged in school improvement activities. Staff at this school have seen clear evidence of successful school improvement in other schools. Staff here feel the school has a poor reputation. Parents and/or community groups have demanded improvement at this school. Our school receives monetary rewards for improving student achievement scores. Personnel in this school are evaluated and/or rewarded on the basis of student achievement. Taking a leadership role in instructional improvement is a good way to move ahead in one's career.

28. To what extent do you agree or disagree with the following statements about how instruction in the reading/language arts program is sequenced in this school?

9. In this question, we would like you to reflect upon how you prioritized your time this year. In your work during the current school year, how much priority did you give to each of the following issues? Mark (X) EACH item.

- Framing and communicating broad goals for school improvement
- Examining the school's overall progress toward its school improvement goals
- Setting explicit timelines for instructional improvement
- Clarifying expectations or standards for students' academic performance
- Examining and discussing exemplars of students' academic work
- Using the school's standardized, norm- or curriculum-referenced test results to plan instructional changes
- Promoting alignment between the assessments used to evaluate the school's instructional program and what is taught in classrooms
- Promoting instructional coordination across grade levels in the school
- Promoting instructional coordination across regular and compensatory/special education programs in the school
- Promoting integration of the school's curriculum (e.g., mathematics and science, or reading/language arts and social studies)
- Developing the staff development program in the school
- Personally providing staff development
- Troubleshooting or supporting the implementation of school improvement efforts
- Monitoring or supervising the implementation of school improvement efforts
- Working on plans to improve the teaching of specific curricular units or objectives

10. Does your school have a written school improvement plan? Mark (X) ONE box.

- Yes
- No, but we are in the process of developing one - Skip to Question 13 on page 6
- No, and we are not currently developing one - Skip to Question 13 on page 6
7. During the current school year, about how often did you do any of the following? Mark (X) EACH item.

<table>

Do not circulate or cite without permission from the Study of Instructional Improvement.

This questionnaire is to be completed by staff whose assignments involve leadership responsibilities.

Findings from this questionnaire will help us gain a better understanding of school improvement efforts underway at your school and the role that school leaders play in those efforts.

Your responses are voluntary and confidential. If there is a question you do not wish to answer, simply skip it. We hope you will answer as many questions as possible. No individual schools or school staff will be identified in any reports.
